Issue: 04 June 2009

## The President's Report from Patricia Johns

Our "Open Astrology Day" was held at Drabble House in Nedlands on Saturday, May 23rd, 2009. My thanks go out to all of you who strove to make this day a success. Sadly the weather was not kind to us and the attendance was very poor.

*For more ASTRO information*

*check out our website*

**WWW.FAA.ORG**

Mercury Retrograde has played havoc with my communication system, and continues to do so. For those of you who have been trying to get hold of me I apologise to all of you. This could not have happened at a worse time for me. If you need to contact me urgently, please send me a text message on my mobile and I will get back to you.

Those of us, who spent the day at Drabble house, took advantage of having a bit of time to enjoy some reflexology, exchange readings and listen to the excellent speakers of the day.

Should any of you wish to purchase used astrological books, at bargain prices, please let us know.

Our next Astrochat will be in July and Jeanette has once again opened her studio for our use. The speaker will be Gerald Burns. All details are included in our calendar of events in this newsletter

Tess Cullen, the FAA Exam Board Director, is coming to Perth the weekend of 7th/8th November 2009. I know that it is a bit late in the year for an educational weekend, but her busy schedule does not give her a free weekend until this time.

She is an accomplished astrologer, teaches astrology, as well as her involvement with the FAA Exam Board. One of her many interests are the Asteroids. This weekend will involve lectures on the Asteroids and a workshop on how to use them in conjunction with the planets in a natal chart.

Please put these dates into your dairies and make an effort to take advantage of her visit to Perth and extend a warm welcome to her. More details will be released as and when we have them.

**FAA Exam Board Director**

*Saturday 7th November*

## *"The asteroids"*

*Sunday 8th November*

## *"Synthesis incorporating the asteroids"*

Where is the goddess walking today? That wild and wise aspect of the feminine, the spirit of the witch that oozes passion and intuition and drives us deep into our inner senses. The first of the asteroids found was named **Ceres,** in 1801, after a powerful feminine archetype of the Great Mother. Ceres was soon joined by **Vesta, Juno, Pallas Athene** and many other Olympian goddesses to mark the re-emergence of empowered feminine force

What effect has the awakening of these archetypes had on our modern psyche? Man or woman, our choices have been affected. The influences of these goddesses have manifested and played out in the struggles and achievements of the changing face and roles of the men and women in today's society. Find out where these issues fit into your life story.

**Venue: *to be advised***

# colourful stars

# workshop

A unique blend of astrology, aurosoma and sound healing

This introductory day will help raise your awareness of karmic patterning played out in relationships. Venus in the natal astrology chart coupled with the colours of aurasoma illustrate our personal choice of partnerships. Enjoy the sounds of elfin chimes for an aural experience to end the day.

Presented by Margie Crocker, Alysea McArtney and Lesley Goslett

Time: 10 to 4 pm
Cost: $95
Place: Maida Vale
Date: Sunday June 14th 2009

Bookings essential:
Phone: Alysea 94547595 or Margie 92996644
