Federation of Australian Astrologers WA Inc

Chairperson's Report

Hello Members,

The Covid-19 restrictions are easing within Western Australia, but unfortunately with the four-square metre space required around people, we will need to wait a while longer before starting our events and meetings at South Perth Learning Centre, which has very small rooms. Our committee will be discussing options and suggestions at our next meeting in mid-June.

When Phase 3 of the Covid-19 comes into effect on June 6th, it looks like bigger gatherings will be allowed with less distance between people, so hopefully we can give you some better news in next month's newsletter.

In the mean time we will have to get our astrology Sustagen from other sources, such as Webinars, U-tube and books. Personally, I have been reading Brian Clark's "The Moment we Met", which is an excellent book, as all of Brian's books are. Brian has an excellent table on temperament, which gives a weighted point score for the elements and qualities. It is the best method I have ever seen for calculating temperament and I made up my own Excel spreadsheet for automatically adding these quantities up. The numerical values allocated for each planet range from eight points for Sun and Moon progressively down to one point for the three outer planets. You just key the values into the spreadsheet and it does the maths automatically. It works a treat and I have put two tables on one page to make it easier to do comparisons for relationships. If anyone would like a copy, feel free to contact me and I will email it to you.

Well, that's not a lot of news, but hopefully next month's newsletter can bring more joy.

Best wishes,

Jeff Farrow

NEWS & EVENTS –

- AANSW Presentation 13 June 2020

♦ Editor:
Joanna Clifton

AANSW PRESENTS

Marc Laurensen

The Composite Chart:

The third party in your relationship

Saturday 13th June 2020

1:30pm EST (11:30 WST)

The Composite Chart is the chart of the relationship itself.

The relationship now takes on its own identity, beyond the individual needs of the people involved. It has its own 'mission statement' much like the intentions of a company or organisation making the purpose of the actual Union the tool for growth.

In this talk we look how the Composite Chart works in our lives. Understanding our need to juggle two partners, your significant other and the relationship itself.

Members: \$7.00

Concession Members: \$5.00

The online platform used will be **GoToMeeting** which is easy to use and there will be test meeting times available prior to the event to ensure smooth running on the day.

Contact Jenny Coad jencoad@iinet.net.au or 0427 080 430 before 5pm Friday 12th June if you are interested in attending and we can provide you with all the details and links to attend.

Marc Laurenson

Marc is a consulting Astrologer, Teacher and Speaker with over 25 years' experience.

Marc is the creator and key facilitator of Sydney Astrology School in Australia which has been running successfully since 2007, going online to international students in 2017.

He is an Accredited Astrology Teacher (AAT) with the Federation of Australian Astrologers as well as receiving their Gold Medal with his Diploma. Marc also runs a busy consulting business, Marc Laurenson Astrology, helping and guiding clients to live more fulfilling lives

Marc has an Evolutionary approach to Astrology using Astrology as a tool for personal and spiritual development. Marc has shared his knowledge on the talk and lecture circuit throughout Australia and New Zealand, including the 2020 FAA Conference, AANSW, SARS, QFA and AFNZ as well as sharing his knowledge on the Sydney Astrology School You Tube channel.

He has written for many publications including Wellbeing Astrology Magazine and the FAA Journal.

Marc has also been featured on the Evening News in Australia with Astro Updates
