Chairperson's Report

Hello Members,

We have some good news this month with the confirmation of Stephanie Johnson doing her AstroCartoGraphy on the 19th July (see full page advertisement). This was originally planned for 15th March but was cancelled due to the Coronavirus.

Hopefully, if this goes well, we will be able to organise some more astute astrology presenters, to either talk direct or offer Zoom presentations, to finish our year on a good note.

Jenny Coad has been very helpful in sending out links to South Australian and NSW presentations via Go To Meeting. These are high quality and very economical, so I recommend having a look if you feel like a bit more Astro knowledge.

With Mercury retrograde in Cancer it has been a good time for inner reflection and more focus on family and home, but I imagine we will be all sick of confinement in another week or two and Stephanie Johnson's talk will be a rejuvenating tonic for those that are hungry for some astrology action.

Talking about retrograde planets, we have an interesting occurrence on 10th September this year, when all the major planet from Mars to Pluto, including Chiron are retrograde. That's seven planets in all. Mars retrogrades from 28 degrees Aries back to 15 degrees Aries and can act as a trigger to any longer lasting transits or progressions in your chart. So, maybe it is worth some forward planning or goal setting if you want to get something happening or make changes in your life.

Best wishes,

Jeff Farrow

The Nodes and Relationships

Saturday 11th July 2020

1:30pm EST (11:30 WST)

When the nodal axis in one person's natal chart is connected to the planets/asteroids in the chart of another with whom we have a significant connection, we experience opportunities and challenges. The opportunity for soul growth for us as individuals, and the challenge to work through "unfinished business" with another. Many people look to another to fulfil their unmet needs – the romantic ideal of "a soul mate" to bring love, joy and meaning to their lives. However, the reality is often very different, frequently complex, testing, and yet much more valuable to our personal growth. It is through the role they play in challenging us and activating the work for us to face our "shadow" and work towards our highest potential which truly makes them "the Mate of our Soul".

Charyn McLean has over 25 years of experience as a professional astrological consultant, teacher and flower essence therapist and is a consultant for practitioners who specialise in fertility. Her focus is on the application and integration of psychology and spirituality with astrology. Using an integrative approach, she combines counselling and flower essence therapy with the art of astrology.

Her qualifications include the Diploma of Counselling (AIPC) and the FAA Practitioner's Diploma.

Charyn has lectured at many of the FAA International Conferences, including Sydney in 2016 and Melbourne 2018 & 2020.

Members: \$7.00 Concession Members: \$5.00

The online platform used will be **GoToMeeting** which is easy to use and there will be test meeting times available prior to the event to ensure smooth running on the day.

Contact Jenny Coad jencoad@inet.net.au or 0427 080 430 before 5pm Friday 10th July if you are interested in attending and we can provide you with all the details and links to attend.

Kings and Kingmakers

The Jupiter-Saturn Cycle

Mari Garcia

Mari Garcia is a consulting astrologer, writer and educator. She has lectured extensively in Australia and the USA and writes regularly for local, national and international publications.

Her interests include mundane and political astrology, mythology and traditional astrology and the research and application of traditional techniques in a modern setting. She has a number of published works and is co-principal of Astro Mundi. For more information visit astromundi.com.

In December 2020 we will be experiencing a Jupiter-Saturn conjunction in Aquarius. This 20 year cycle has for thousands of years been used as a major indicator of shifts of power and the rise and fall of rulers.

What sets this conjunction apart in 2020 is that it heralds the beginning of a new 200 year period of Jupiter-Saturn cycles in Air. The last time the world experienced this cycle series in Air signs was in the 13th century.

Both Great Air Mutations started their journey in Aquarius.

This lecture will unpack and explore the cycle and what changes it heralds over the next 200 years.

You are all invited to FAASA's Zoom meeting at 2 pm on Saturday 11th July.

For all FAA members the fee is \$10. For non-members, it is \$15.

To book for the meeting you will need to pay your fee into the FAASA account and email Cate Whelan at catew49@hotmail.com. When your payment is confirmed you will be sent a link to register for the meeting.

CHIRON – HEALER AND WHOLEMAKER

by Zane Stein

Zane began researching Chiron only weeks after its discovery and led the way for other researchers to follow. His book, "Essence and Application: A View From Chiron", is still the most widely read text on the subject.

CHIRON - HEALER AND WHOLEMAKER picks up where *Essence* left off and brings the focus on Chiron into the Twenty-First Century. And along the way he introduces you to some other Minor Planets also named after mythological centaurs.

The book opens with a **preface by Karen Hamaker-Zondag MSc, and a foreword by Robert Currey**

Following these, Zane explores Chiron from almost every conceivable angle. *Guides, Gurus and Healers* explores this body in the charts of a number of medical professionals that have changed the way we look at the healing arts, as well as those counsellors who call themselves Astrologers. *Chiron Myth - The Wounded Healer* digs deep into the mythology of Chiron. Zane looks at what the Chiron Return meant to the lives of several notable personalities. Chapter Eight's title, *Jung's Discovery of the Chiron Archetype in Himself*, gives greater understanding to the term, Wounded Healer. And of course,

there are chapters delineating Chiron through the signs, through the houses, and through the aspects. Section two contains chapters on other Centaurean bodies: Pholus, Nessus, Hylonome, Cyllarus, Chariklo, Okyhroe, Echeclus and Hidalgo.

Chiron - Healer and Wholemaker is available in Paperback and Kindle edition from Amazon. The paperback can be purchased directly from Zane \$45.00 plus postage.

Contact Zane by email zanestein@gmail.com to secure your copy .
