Presidents Message

Well, it's nearly that time of year again !!
Yes, Christmas and the new year are creeping up on us like startled gazelles (or reindeer) and it's time for reflection on the year gone by, as well as contemplation of the year to come.

1996 has been a diverse year of meetings. As a result of the survey asking for your suggestions on discussion topics for FAA WA meetings we enjoyed a holistic year of very interesting speakers, all of whom linked their particular topic to its association, or use, with Astrology, including:

Mar Paula Nettleton - Bodywork & gems
Apr Margaret Hughes - Horary Astrology
May Ronelle Ashford - Reiki
July Delores Meredith - Feng Shui
Aug Maggie Ashton - Aroma Therapy
Oct Peter Burns - Palmistry
Dec Robyn Lee - Jupiter

Unfortunately it's not always possible to please everyone and there were some comments that these topics were not Astrological enough. If you didn't enjoy this year's topics PLEASE put forward any ideas that you may have for. We need your input.

We will include another survey form in the first Newsletter for 1997, and hope you will take a few minutes of your time to offer your valued opinion, and help make 1997 a spectacular success.

Your new committee is eager to continue the great work of the outgoing committee and keep the ball rolling. After all, this is YOUR Association and in order for your elected representatives to fulfill your wishes we have to know what they are !!

Thankyou in anticipation, and we await all of those wonderful suggestions

Jan Evans

HAPPY BIRTHDAY SAGIES

The myth of the centaur comes from India and the Aegean, where creatures and half horse/half human were reputed to interfere with weddings, carrying the bride away. Representing perhaps the freedom of spirit that women did not wish to relinquish in marriage.
